

Grayling Van Stolen & Recovered

Michigan State Police recovered a 1976 Ford Van stolen from the lot of Milltown Traders.

Crawford County Sheriff deputies on patrol noticed the van missing from the lot on November 22 and checked with Milltown Traders owners. State police found the van the next day in the south bound rest area on Mile 104 in Rosebush County.

Sheriff deputies arrested a 58-year-old Grayling man on charges of illegal tapping of electric power. The arrest came after a two-month investigation involving the by-passing of a Top O' Michigan meter.

A .357 handgun and tools were reported stolen from the residence of Dr. Bernard Godfrey, 76, in Beaver Creek Twp. The breaking and entering was reported Nov. 23.

The Crawford County Animal Shelter was broken into the right of Nov. 22. Entry was gained through a window and an inventory is being taken to determine if anything was taken.

Room articles were reported stolen from the River County Motor Lodge on Nov. 23. The larceny is being investigated with a suspect in the crime.

The sheriff department is also investigating the larceny of nine law books from the county law library in the courthouse. The books are not allowed outside the building. Anyone with a law book in possession must return it immediately to avoid prosecution.

Hand crafted clocks, attractive needlework, oil paintings and wood carvings along with hundreds of other hand crafted items will be available for your shopping convenience.

One should not feel however that they should attend the Arts and Crafts Show and Sale only to shop. Quite the contrary, for all the artists and craftsmen will be demonstrating their particular talents and in some cases offering suggestions to those who are interested in starting a craft hobby of their own. In addition, the Arts and Crafts Show and Sale will give residents of the Grayling and surrounding community an opportunity to see the freshly decorated and remodeled Hanson Park lodge.

County Co-Op Saves Taxpayers a Bundle

By Jon Thompson

Yes, Crawford County, there is a Santa Claus. But instead of wearing a red suit and sporting a white beard, this Santa Claus comes in the form of a co-op program that saved taxpayers more than \$100,000 last year.

A county co-operative reimbursement program — involving Friend of the Court, the DSS Child Support office, and the county assistant prosecutor — brought in \$109,000 last year in child support payments.

Crawford County collections, through the work of Jack Lewis, FOC, Ray Czaja, DSS Child Support office, and David Sabin, Crawford County Assistant Prosecutor, increased last year by about 50 percent. Statewide, co-op collections decreased or remained the same in most counties. Crawford County's collections increased although the number of cases remained about the same.

Beverly Cuthbert, Crawford County DSS Director, said "For Mr. Czaja and Mr. Sabin to collect in excess of \$100,000 in child support from a small community experiencing high unemployment is indicative of their hard work and commitment to the Cooperative Reimbursement Program."

Czaja credited "innovative approaches" by Lewis and

Sabin for the exceptional success of the Crawford County program.

The program works this way: if the state makes ADC payments or general assistance payments to someone because their husband or wife fails to make support payments, then the co-operative reimbursement program goes after the person failing to make support payments. The program tries to recover some of the money the state paid out in welfare assistance.

The program begins at the DSS when someone applies for assistance. If the request for assistance is the result of someone failing to pay child support, then DSS informs Sabin. Sabin then interviews the recipient of the support and the responsible party if possible. If necessary, Sabin files lawsuits against the father or in some cases the mother to make them pay support payments.

Lewis then has the job of enforcing the court orders. One successful tool Lewis used last year was tax stops. After intensive investigation, Lewis stopped tax refunds headed for persons delinquent in payments and recovered more than \$100,000 in the three county area he works which includes Crawford.

Besides recovering some of the support payments the state makes to children (Aid to Dependent Children) or a wife or husband (general assistance), the program also keeps some people off the welfare roll.

"The co-operative program has changed some minds about being on welfare," Sabin said.

Some people believe ADC or general assistance payments are a freebie that never has to be paid back. But, with the co-operative reimbursement program, the state gets back some of the money from fathers and mothers that is paid out to their dependents.

Czaja said the program is a money-maker for the state — recovering about \$3 for every \$1 spent operating the program. As an incentive to the county in running the program, the state gives 15 percent of the money collected to the county. The cost of operating the program is split about 75 percent for the state and 25 percent for the county.

Sabin said the high unemployment in the county makes his job harder.

"More consideration has to be given to persons failing to make support payments," he said.

Hospital Disaster Drill

Eighteen high school students, all tagged with fake injuries from a make-believe explosive in a high school chemistry lab, helped Mercy Hospital and the Crawford County Civil Defense operate a disaster drill. The students were tagged with a multiple of injuries — burns, cuts, fractures, even heart failure. Four of the students were also pretending to be covered with radiation, presenting a difficult situation for hospital staff. The drill provides hospital staff, including administrators and maintenance crew who pitch in, with experience that may save lives if a disaster ever strikes. (Photos by Jon Thompson)

Chamber of Commerce Kicks Off Winter Season Promotion

With recent temperatures approaching the freezing level, it is apparent that winter is well on its way to Grayling and with that comes a variety of winter activities which tourists and local residents actively participate in.

With that thought in mind, the Grayling Regional Chamber of Commerce is kicking off the season with a "Winter Welcome Giveaway."

Two complete cross country ski packages, including cross country skis, ski bindings, leather boots, and ski poles will be the center of attention as they are drawn for two lucky winter sports enthusiasts.

The Grayling Mercantile, donors of the ski packages, will be the setting for the drawing scheduled for Saturday, December 18, at 3:00 p.m.

Tickets are \$1.00 each or 6 for \$5.00 and are available at the chamber office as well as various merchants and community members.

Take a chance and maybe you can welcome winter on a new set of skis.

Children's Movie Special Saturday at Rialto

Annual Cartoon Show for children at the Rialto Theatre on Saturday, December 4th from 1 to 2 p.m. Admission one can of food (no home canned goods please). GHS Wrestlers Start Title March Again

The Grayling Viking Wrestlers, who racked up 11 tournament titles last year, hope to pick up where they left off last year when they start a new season this week.

Grayling takes on Onaway at home this Thursday at 6:30 p.m. and then travels to the Michigan Lutheran Invitational Saturday.

Head Coach Don Ferguson has seven wrestlers back from last year's squad who captured the district and

regional titles and finished third in the state.

Expected to lead the team is senior John Solomonson, who had a 42-4 record last year and finished second in the state. Steve Sauve, with a 44-6 record and a fifth place finish at state last year is also expected to roll up points for Grayling.

Dan Meldrum, with a 30-7 record, and Jim Piper, with a 29-18 record, were both state qualifiers last year and

will help carry on the Viking's winning tradition.

Also returning from last year's team is Tim Moore, Ron Wyman, and Tom Sorenson.

Joining the team for the first year are juniors Kevin Wakeley, Dave Brooks, sophomores Barsie Cross, Robin Monforton, and Stacey Kent, and freshmen Tony and Harold Partello and Lacey Stephan.

Vikings Open "Run-n-Gun" Season Against Lake City

by Jon Thompson

Deer season ended this week in northern Michigan but the Grayling Vikings plan to open their own "run-and-gun" season Friday at home against Lake City.

The junior varsity game will start at 6:30 p.m. with the varsity following. Friday night home games will be

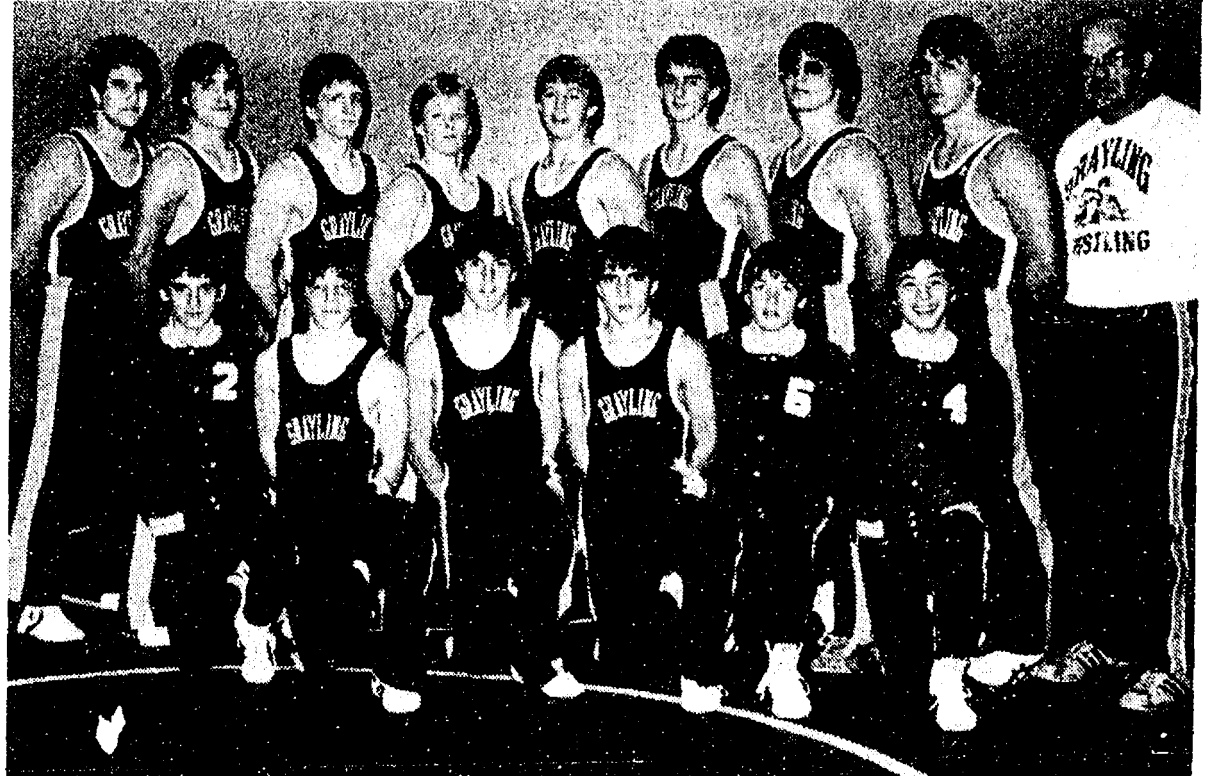

played in the Grayling Middle School gymnasium located near downtown Grayling. Tuesday night home games will be played at the high school gym located north of Grayling.

Head Coach Warren "Butch" Hayes, starting his fourth year as varsity basketball coach, has changed his of-

fense from last year's set-up style to his well-known run-and-gun offense. His first two teams — using the crowd-pleasing run-and-gun offense — ran up 17-5 season records and shared the conference championship in 1980-81.

Hayes switched back to the fast-breaking, quick-

From Our Corner ...

Leftovers from Turkey Day...no pun intended...

Thanksgiving of 1982 has come and gone, now all we can look forward to is good Ol' St. Nick and Christmas with New Year's following right on its heels...it is hard to believe we are just a month away from 1983 and the revelry of New Year's and the hope that '83 will bring a brighter future than we endured in 1982...there has to be a silver lining somewhere in the future...the problem is can we survive the state of the nation now...

We spent the weekend in Traverse City with John, Toni, T.J., Stefany from Friday until Sunday...we had our Thanksgiving dinner on Friday night...it was ironic that we drove in snow flurries and some hale on the way over and on Sunday we drove in rain all the way back, luckily it was just on the fringe of freezing so that we weren't slip-sliding all the way through the hills...

We attempted to start our turkey over there on Saturday, but there was too much going on and we wound up watching our bride helping Toni in making Danish kringle, and sampling one now and then...that was when the two bakers were busy and looking elsewhere...

We understand that our High School teacher namely R.J., has broke down and bought himself a new set of wheels just so he wouldn't get kidnapped during the dark of night when he has to go to the school for teaching purposes and selling tickets for the athletic events...we always knew that R.J., had a purpose in life and that is doing for others as he wishes them to do on him...anyway we are happy he has wheels now and doesn't have to rely on the cruel world outside...we haven't talked to R.J. lately, to see if he was planning on being in the asphalt jungle for Christmas...if he does decide, he will have the new wheels and won't have to depend on the Jet or the Blue Goose Bus Line that he has had to in the past...

We have been saddened the past couple weeks with the sudden death of Dick Schlehuber of an apparent heart attack at a deer hunting camp the evening of opening day, November 15th and then again when we read that Justice Blair Moody, Jr. died on Thanksgiving Day at his home, also of an apparent heart attack...

Both have crossed our path...Dick for some 10-12 years when he moved here from downstate to open Grayling Industries on North Down River Road, and lately worked for the parent company Star Cutter all over Europe setting up machinery and teaching those how to run them...we will miss Dick when he and I would meet for an orange pop at the hotel, and just shoot the breeze...

Justice Moody crossed our path but once, and that was for about a half hour when he was campaigning for a seat on the Supreme Court, which he won...when he left, I felt that I had known him all of my life...it will be the half hour I will remember the rest of my life...

The terrible 50's has taken its toll once again...Dick was but 56 and Blair was but 54...

By the time you read this gem the orange coats will have departed for places around the state and the locals will possibly be wearing them just for warmth, during the predicted frigid weather for the next five months...from our seat in a nice warm corner we have noticed quite an absence of hunters this year than in the past...the economy of the state has to have taken its toll...we heard a remark Monday from a business person, that there had to be more deer in the woods than there were hunters...could be...

This has to take care of this week's efforts...so we will say goodnight to T.J., Stefany and Amber...and to all of our readers, have a nice weekend, and start thinking about Christmas...St. Nick is just around the corner...

The Bible Speaks

From Calvary Baptist Church

STUMBLING ISRAEL WILL YET STAND

Romans 11:11-15

The teaching of those who reject the future 1000 year reign of Jesus Christ over the earth from the throne of David in Jerusalem, would have us believe that Israel's glory is over, that she stumbled that she might fall permanently. God tells us otherwise: "I say then, Have they stumbled that they should fall? God forbid: but rather through their fall salvation is come unto the Gentiles, for to provoke them to jealousy." Romans 11:11. Since Israel in her past glory was too jealous of her position to share the gospel with the gentile nations, now, God, through the church, is sharing the gospel around the world, and provoking the Jews to jealousy.

The riches of spiritual blessing upon the church during this age of grace, is a direct result of Israel's spiritual failure. "Now if the fall of them be the riches of the world, and the diminishing of them the riches of the Gentiles; how much more their fullness?" Romans 11:12. If the world has received spiritual blessing through the sin and rebellion of the Jews, how much more blessing shall we receive when the Jews are restored to their spiritual fullness?

For example, God used one Jew named Paul to evangelize most of the gentile world of his day. "For I speak to you Gentiles, inasmuch as I am the apostle of the Gentiles, I magnify mine office:" Verse 13. Paul magnified his office before the Jews to stir them up spiritually. "If by any means I may provoke to emulation them which are my flesh, and might save some of them." Verse 14.

The casting away of Israel as a nation before God, led to nearly 2,000 years of spiritual growth during the church age. God used the church to preach reconciliation to the world during the

time Israel was cast away. Since this is true, how much more blessing shall God give the earth when He receives her back to her own land in belief and obedience to the living Word, Jesus Christ. "For if the casting away of them be the reconciling of the world, what shall the receiving of them be, but life from the dead?" Verse 15. When Israel is received of God and lifted up to her fullness, then all the earth will enter a new golden age unequalled since the Garden of Eden. (adv.)

Vikings

(Continued from Page 1)

paced offense this year to take advantage of his fairly quick but overall small squad.

Two starters return from the 5-15 Viking team last year, senior guard Ryan Morford, 5'11", and junior center Wayne Ross, 6'2". Others returning with varsity experience last year are seniors Jim Hill, 5'10", Brad Emerick, 6', and juniors Mike Hickey, 5'8", and Paul Hamlin, 6'.

Earning varsity spots this year with J.V. experience are juniors Jim Stewart, 6', Ken Lademan, 5'10", and Dave Zigala, 5'8", along with sophomore Mick Lovely, 5'10". Also playing on this year's team are senior Bob Keene, 5'10" and junior Ron Ball, 6'.

Hayes said this year's team has played well together in practices and are an aggressive group.

Grayling has a schedule full of good opponents this year - both in the league and outside of the conference.

Among non-conference games are two games with class A Alpena and a home game against traditional powerhouse class C Benzie Central.

Within the league, Hayes expects Charlevoix to be the favorite. He said Cheboygan will be good as always. St. Ignace could be a surprise, and Rogers City will be tough coming off a winning football season that sent them to the Pontiac Silverdome.

On the junior varsity side, coach Tom Mills said his team will also be employing run-and-gun tactics to take advantage of team speed. He looks forward to a good season predicting his squad will win twice as many as they lose.

Sophomores Jon Nicholas, Don Lange, Jeff Branch, Gregg Burns, Jay Watters, Derek Bancroft, Brad Naghtin, Dave Jung, and freshman Scott Schwartz, Mike Keene, and George Duncan will be racing up and down the hardwood for Grayling's junior varsity this year.

After Lake City this Friday, Grayling travels to Petoskey Tuesday in their first league game.

Legion Auxiliary Bake Sale

The American Legion Auxiliary will hold a Bake Sale and White Elephant at the American Legion Hall on Saturday, December 4th from 10 a.m. to 4 p.m.

New Group To Meet

The members of the Grayling Cesarean Birth Support Group have one thing in common...a Cesarean Birth experience. The purpose of this group is to give each other emotional support, regarding past and/or future childbirth experiences.

They do not propose to question a doctor's medical procedure or to render any medical advice, but rather to give Cesarean birth couples a chance to express both positive and negative feelings regarding their Cesarean births.

The meeting is Thursday, December 9th at 7:30 p.m. at 2955 Wilcox Bridge Road (the first house north of the East Branch). For information call Barb Luebke 348-9643 or Barb Hunter 348-9306.

Reports Say PBB Threat Over

Warren M. Hoyt, Executive Director, MPA

Declaring that Michigan's problems with PBB contamination are "now behind us," Department of Agriculture Director Dean Pridgeon issued the department's last report under the PBB testing act which was allowed to expire earlier this fall.

The report, in outlining the range of activities the department undertook during the five-year life of the law, said its tests to check for PBB residual contamination in milk and meat would continue for the foreseeable future.

According to the final report, there are some 377 dairy cattle on six residual contamination farms that have some traces of PBB.

Only 89 of those would approach the 20 parts per billion level outlawed by the expired state act and the report added, the PBB levels in those 89 cows are steadily decreasing.

In the last several months the controversy over PBB has been renewed when a Detroit news article questioned the confidence of government officials that PBB was no longer a major threat to the public health.

In the five years the act has been in place the state has spent some \$16.2 million in testing animals and milk, cleaning up contaminated areas, conducting research and promoting Michigan agricultural products, the report concluded.

During the life of the act, more than 104,000 cattle were tested, finding nearly 2,300 with excessive PBB levels, along with 3,700 other livestock animals.

Further, 13 farms with residual contamination were cleaned.

State Budget Problems Continue
Governor William G. Milliken may not be able to end his current term without facing another budget crisis.

State officials no longer disagree that the current budget will take in less money than it spends, but Management and Budget Director Gerald Miller said it is too early to determine how large the deficit is.

He, however, recommended waiting to resolve the deficit until

February when holiday sales revenue is reported, but said he would work with legislative Democrats if they want to resolve it before year's end.

Milliken's last four year term has been marked with continuing costs and declining revenues bring about budget crisis after budget crisis. With the fall reworked budget for fiscal 1982-83, Milliken had hoped to pass the problems on to Governor-elect James Blanchard and a new Legislature next year.

The budget director said Democrats (in the Legislature) are in a position to control what happens and added he is willing to discuss an immediate budget adjustment if that is what they want.

"They are beginning to develop some scenarios that would make 1983 another weak year," Miller said despite previous forecasts of recovery.

He noted that people were troubled by constant adjustments in the last budget year and for that reason, he said it would be better to wait a little longer to see actual revenues before making adjustments.

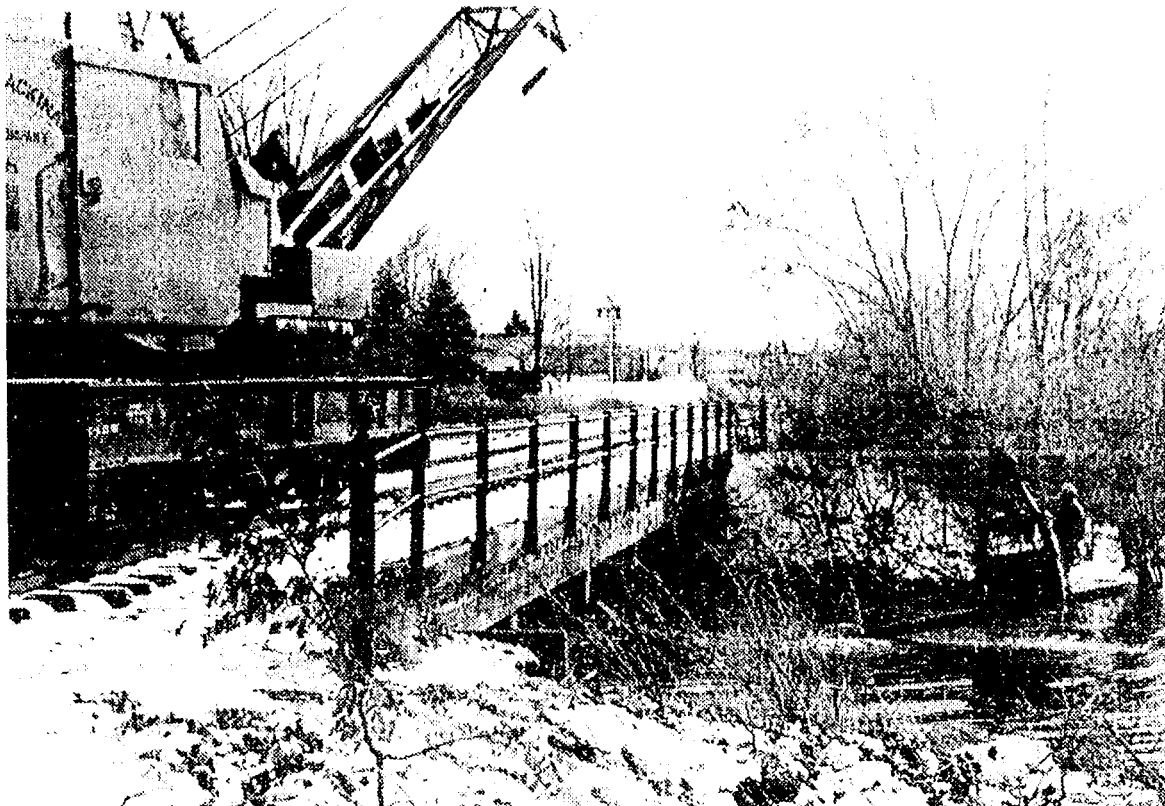

Miller emphasized the state does not yet have any revenue figures for the year, but added early indicators from October were not good. The level of Christmas sales will be very important, he said.

If the weakness of August and September continues, Miller said the budget gap could be "substantial" but noted a suggested figure of \$400 million was probably too large.

The Senate Fiscal Agency has already estimated a deficit of at least \$170 million.

Miller said he has developed a recommendation regarding whether the deficit should be closed through budget cuts or tax increases, but would not discuss it until he had given it to Governor-elect Blanchard.

The 1981-82 budget, which ended September 30, also has a budget deficit, but the size of that will not be known until the books are officially closed in December.

UNPLUGGING THE AUSABLE—The Detroit and Mackinac Railroad Company had to use big equipment to unplug a dam underneath the railroad bridge by the county courthouse in Grayling. The dam, which started when debris collected around the supports following a storm last fall, continued to grow, possibly aided by beavers, until the river level dropped three to four inches behind the dam. Middle School News

Mr. Phillips' seventh and eighth grade English Literature class has recently read "Almost Too Late," which was a true story of a father and three teenagers shipwrecked. The eighth grade English classes have been studying punctuation. This included endmarks, commas, items in a series, compound sentences, phrases and clauses, interrupters, and a test over the above material. The eighth grade English Laboratory class had also been studying much of the above.

The Thinking and Problem Solving class have been doing exercises on current event issues, decision making, proud lists, figuring budgets, role playing, finishing incomplete sentences, interviews, examining cartoon content, and what if discussions.

Mrs. Lynn Thompson's art classes have been dealing with color concepts and will be making Thanksgiving murals to bring home.

Mr. St. Germain's 7th grade Geography class held a Spelldown. The winner for sixth hour class was Jenny Adkins. The winner for seventh hour was John Wakeley.

A Super Trip

Seven students from Mrs. Mills class went on the "Super Trip". They went to Glen's Market in Grayling and visited with Assistant Manager, Dave Shippe. Mr. Michael Gardiner the middle school counselor and Mrs. Maggie Grandmaison, supervised the field trip. At first he took us to the butcher shop, then to where they keep their extra stock and then to one of their freezers.

Mr. Shippe explained everything about working at Glen's Market, such as where you would start at and how far you can go at Glen's.

Mr. Shippe showed us what they do with returned bottles. He showed us how they sort them and where they store them.

It was exciting to learn how people work at Glen's and what kind of work they do.

Teddy Bear Day

Thursday, November 4, was Bear Day for Mrs. Bovee's class. We had all the classes come in. We even had some special reading teachers come to see all our bears and other things. The cooks judged the event. There were prizes for the ugliest, biggest, smallest, funniest, and cutest. One of Lonnie's bears came in first for the funniest. We had about 80 bears and about 80 other things that day. Mrs. Lobsinger baked us a cake. Her cake came in first place for the cutest. Some of the girls in our class dressed as babies. Ryone Birnie-Visscher and I read a book called "What Was That." We read the book to Mrs. Knibbs' class. By Richard Barkway, 5th grade.

Infant Care Center Greeted with Open Arms

Just as children coming in to the infant care center are greeted with open arms and hugs, the community has greeted the new Grayling infant care center with open arms.

Opened in September as an addition to the Crawford AuSable Day Care Center, the infant care center was filled up the first day. Now there's a waiting list for the infant care center, which is licensed to care for six children ages two weeks to two and a half years old.

The Grayling infant care center, under the direction of Syndee Houlton, may be the only one in northern Michigan taking care of children younger than one year.

Houlton said the closest infant care center she knew of is in Saginaw.

At least two staff members care for the six children. Each child has their own crib, dressing table, and plenty of colorful toys and games. Houlton, with ten years of experience with children, says the children learn some motor skills, songs, games, and other skills that prepare them for the pre-school program at the day care center.

On nice days the children go outside for fresh air, and there is a record player for music. Meals are prepared in the day care center kitchen.

The infant center is

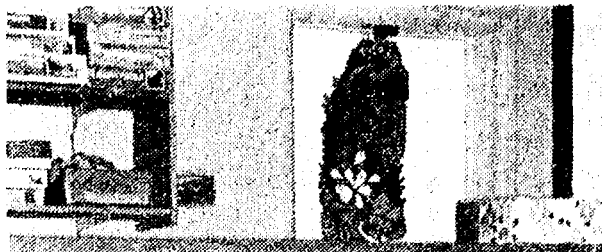

located in two separate rooms at the Day Care Center near Hanson Hills. Two of the six children in the infant care center have a brother or sister in the day care center. Parents interested in the new infant center can call 348-7709.

St. John Lutheran Church

The Congregation at St. John Lutheran Church bade farewell to Mrs. Marge Hildebrand on Sunday, November 21 with a fond sadness. After Service we gathered together for a Sandwich Brunch and a piece of cake. For fun, we sang her song... "Margie". She told us she used to run and hide when her school chums would sing to her... Marge has been a faithful and caring member, giving her time to serve on the Church Board, while sharing the fellowship of Altar duty, Coffee Hours... all part of our Church Women work... May God bless her new life in Arizona. We will miss her... Best be the tie that binds for we shall still be joined in heart.

Parkinson-Shaw Speak Vows

Julie Ann Parkinson, daughter of Mr. and Mrs. James A. Parkinson of Grayling, and Michael Lee Shaw, son of Mrs. Arlene Shaw of Grayling, were united in marriage on Saturday, October 30, 1982 at St. Mary's Catholic Church. The candlelight service was held at 2:30 p.m. before two hundred guests. White wicker baskets filled with roses and carnations decorated the altar, and ivy arrangements adorned the candlelabras. The wedding ceremony was performed by Father William Rabior.

Barbara Hoffman, friend of the bride, sang "First Time Ever I Saw Your Face", accompanied by Nancy Hoffman at the organ.

The bride, who was given in marriage by her father, wore a chiffon empire waist, tiered floor length gown featuring a Queen Anne neckline and leg of mutton sleeves, adorned with lace medallions. The bodice was

enhanced with sequins and pearls, lace medallions edged the layered skirt which ended in a chapel length train. She wore a bridal hat with upswept side brim decorated with layers of chiffon, lace applique and pearl trim. A ribbon bow with streamers trimmed the nylon net finger tip veil adorned with lace medallion appliques. The bride carried a cascading bouquet of stephanotis and carnations enhanced with a variety of foliage.

Miss Mary Beth Parkinson, sister of the bride, was maid of honor. Mrs. Terrie Rankin, of Grayling, Miss Maria Ream, of Big Rapids, friends of the bride were bridesmaids. Miss Pam Shaw, sister of the groom, was junior bridesmaid. Miss Kerry Jo Brockman, of Lapeer, cousin of the bride was flower girl. The bridesmaids wore full length gowns of burgundy polyester knit, featuring a blouson bodice with ruffled trim jacket. They wore wide brim hats trimmed with ribbon streamers. The flower girl was attired in a full length, empire waist rose colored dress with a deep flounced skirt. The bridesmaids carried bouquets of burgundy, pink, and white carnations, trimmed with white ribbon streamers. The flower girl carried a white wicker basket filled with pink and white carnations, trimmed with pink ribbon streamers.

Douglas Moggo, of Grayling, friend of the groom, was best man. The groomsmen were Jeff Parkinson, uncle of the bride, Thane Doremire, and Dwayne Halstead, uncle of the groom, all of Grayling. They were attired in grey cut away suits with pin striped ascot ties.

A buffet dinner reception was held following the ceremony at St. Mary's Family Center.

After a honeymoon trip to Florida, the couple will make their home at West Campus Apartments 51-C, Big Rapids, Mich., where both will be attending Ferris State College.

Final Rites For Alex Brant, 79

Alex J. Brant, 79, of Lovells, died Sunday, November 28, 1982 at Mercy Hospital. Funeral services were held 1:00 p.m., Wednesday, December 1, 1982 at Lovells Community Chapel with the Reverend Harry Hilton officiating. Burial was in Lovells Cemetery.

Mr. Brant, a resident of Lovells for seventeen years, was born July 8, 1903 in Gobles, Michigan. He was a retired teacher and principal of the Midland Public School System. After retiring Mr. Brant founded his own business, the Brant Archery, in Midland and operated it from 1951 until 1965.

He was a Charter member of Mid-Michigan Bowman, member of National Field Archery Association, and member of the Board of Directors of the Lovells Community Chapel.

Jones Picked Wrestling Wildcat Of The Week at NMU

Marquette, Mi.—Junior Tim Jones of Grayling, who took runner-up honors at 158 pounds in the MSU Invitational at East Lansing last Saturday, has been picked Wildcat of the Week in wrestling at Northern Michigan University.

"It was his first varsity experience and he did an outstanding job," explained head coach Mike Duroe. "He was behind in his first two matches but showed a lot of poise in staying in there and winning."

Jones decisioned Murphy of Indiana State 8-7 in overtime in his first bout, then stopped Salyers of Central Michigan 7-6 to reach the finals. He lost the championship bout to Worthen of Michigan State 6-0.

Northern placed fourth in the meet behind Michigan State, Indiana State and Brockport (NY) State. Four other teams trailed the nine team field.

Crawford Co. Avalanche
Att: Whitey Madsen
P.O. Box 490
Grayling, MI 49738

Dear Whitey:
The City of Grayling Council, Administration, and the Grayling Elementary School Staff are concerned with the safety of students walking to school during the winter months. This problem arises because some areas do not have sidewalks, many sidewalks are not cleared, and as winter progresses the shoulders of the roads become increasingly narrow and there is not room to walk in safety.

We would therefore suggest to parents that Elementary School children use the following established routes to school as noted on the attached map.

a. Children living S.E. of Michigan Avenue should walk along the west side of State Street and the west side of Maple Street to Michigan Avenue, then walk on the southeast side of Michigan Avenue to the school.

b. Children living N.W. of Michigan Avenue should use lightly traveled side roads and avoid walking along Michigan Avenue due to heavy traffic. The suggested route is along Ogema Street to Plum or Erie Street to cross Michigan Avenue only at corner of Erie and Michigan where the crossing guard lends assistance.

Extra care will be taken by the city and residents to keep sidewalks and roadways along suggested routes in a safe condition.

We are asking families living along said routes to assist us by helping keep sidewalks on the proposed routes cleared. Please contact the City Office if you have questions or concerns regarding this program.

Doodles From The Tall Timber

Wendell L. Hoover
Park Interpreter

The geese have fled to the South along with the lesser birds such as robins and blackbirds. We have already had our first snows as if to warn us of what is to come and as I write this, there is a storm watch posted. While most of nature seems to be prepared for winter, there was a late traveling, immature Red-headed woodpecker that visited the feeder for one day. We do not see many Red-headed woodpeckers in this area since they prefer open country, especially farmland with groves of trees and orchards. Another reason may be their fondness for catching insects on the wing over busy roads. A car shows no discretion whatever.

A mature Red-headed woodpecker is close to ten inches long with a wingspan to eighteen inches. As the name indicates, the head and neck are red, although the immature one we saw had a grey head. Its numbers are not large, but its range is extensive, covering most of Southern Canada and from the Rocky Mountains East in the United States. What was of interest to me was this youngster's late-traveling date considering it is going to spend the winter in South America. He or she certainly made good use of the feeder, driving other birds away while he took over the suet and then the scratch feed. It is amazing what the feeder attracts to brighten otherwise gloomy winter days.

The vocational speaker for the evening was Joyce Pickell. Joyce has worked in several offices but now is employed by Mercy Hospital as a Supervisor in Admitting.

We honored our charter members of ABWA on their thirteenth anniversary by giving each of them a carnation with a gold and black ribbon tied around them in honor of our national colors. Gerry Donnelly made a cake to make the occasion a little more special. We also honored the past president's of ABWA and gave them a carnation also.

Norma Naour received the Ruby Hand of Friendship pin guard for bringing in eight new members to the organization. We had nine members receive perfect attendance awards.

We had two members that went to ABWA's National Convention in New Orleans. Marge Mathers and Lillian Ashley gave reports on the seminars they attended and the good time they had.

We will not be having a meeting next month but we will be having a Christmas party at the home of Pat Best. At the party we will be revealing who are Secret Pals have been for the past year.

Bonnie Donnelly our new president for 1982-83 year and her board conducted their first meeting and did a great job. Good luck to all of you. A big thanks should go out to Sally Hartig and her board for a job well done.

RSVP Reports

by Sherry Haag, Dir.

Welcome to news of the Retired Senior Volunteer Program. The ranks of Michigan residents 65 and older will grow by 10,000 persons annually - and will exceed 1 million by 1990. Michigan's older population will account for 12% of the state population in 2000, compared to 8.5% in 1970, 9.18% in 1980 and 10.9% in 1990. The state's average age is also increasing from 26.3 years in 1970 and 28.8 in 1980, to 31.4 in 1990 and 35 in 2000. Continued aging will have serious implications for the state. Hospitals and other health care are geared toward children will be faced with a surplus of services and employees. Schools will have to meet the challenge of shrinking revenues; today's high unemployment will reverse and leave a labor shortage in the 1990's, and industry and commerce that is aimed at youth will have to shift emphasis and the age level of their work force.

There is an ongoing shift in the nature of the dependent population from the young to the old which has major implications in the health care, residential, educational, leisure and service fields, and in the political arena. Providing support services for this aging population will be an expanding source of employment. Helping to provide some of these support services are seniors themselves, through Older American Volunteer Programs.

RSVP provides an opportunity for seniors to participate in the community where they live. Opportunities are developed for seniors to serve with dignity and significance. At present, over 200 volunteers in Crawford County are busily involved in community service activities. Some for as little as 3 hours a month - others for over 100 hours a month. All contributing their time and talents to the community. During this Holiday Season, let's remember to thank those who give of themselves. Whether senior volunteer or others who volunteer their services. A thank you only takes a second and means so much.

CARD OF THANKS

A sincere thank you to all for the many kind remembrances during our time of sorrow.

The Holzman family.

Grayling Elementary School News

Thursday, November 17, the fifth graders went to the high school for the play, "Heaven Can Wait." It was a two hour play. Paul Gust was Jordan, Kevin Reynolds was one of the messengers, Kim Stockton was Miss Logan, George Morse was Joe Pendleton, Mr. Farnsworth, and KO Murdock. Joe died and went to heaven. He died in a plane crash. By Heather Willoughby and Mary Beth Boone, 5th grade.

Yesterday, November 11, 1982, the fourth and fifth grades of Grayling Elementary School went to the Grayling State Bank. We saw people who fought in World War I. Three military police shot off their guns. We also sang the national anthem. While we were singing a man played the trumpet. By Leann Bishop and Dawn Bouse, 5th grade.

Third Grade Work
In Mr. Andrus' room the children are learning to write in cursive. They are also learning to read and write tables and graphs. In social studies they are making maps of communities, counties, and states. They're learning a lot. By Toye Sheldon and Teresa Ferguson, 5th grade.

Third Grade Excitement
In Mrs. Benson's room is Mrs. Nunn. She is substituting for Mrs. Benson. They have been studying bar graphs, line graphs, and picture graphs. All of the students have been passing their spelling tests so they all get treats. On Monday, the eighth of November, Mrs. Benson came to visit for awhile. They all got acquainted so they all knew each other. Then she left and they all went back to work. By Toye Sheldon and Teresa Ferguson, 5th grade.

"I'll Be Glad To"

When they want an angel food cake for the church bazaar, Mrs. Turner is apt to be asked to bake it. She almost always responds to such requests with a simple, "I'll be glad to."

If you ask people about Mrs. Turner, they will tell you that she is one of the happiest women in town. Yet not so long ago she was feeling pretty sorry for herself. Life seemed such a humdrum affair. As an accomplished musician, she had dreams of the concert stage, but marriage and children had changed all that. Somehow it didn't seem fair!

Then one day, a friend persuaded her to go to church. The sermon happened to be about the ingredients that make a full and happy life. The things the minister said struck home and, the next week, she found herself back in church again. Then several weeks later Mr. Turner went along, and next, the youngsters.

Now Mrs. Turner is still "just a housewife," but is she dissatisfied with her role? Look at her face and see for yourself! It took the Church to show her that she already possessed all the tools needed for fulfillment and happiness, if she would but use them. Now, she does!
